

2 QUESTIONS TO ASK

to know what to do if you've been exposed to Covid-19.

Question 1

Masked or Unmasked

Were you less than 6 feet apart from this person for 15 minutes or more recently?

YES

NO

Question 2

Have you recovered from Covid-19 within the past 3 months?

If you are currently ill with Covid-19, complete isolation according to Health Department's recommendations.

YES

NO

Business as usual!

Continue to practice illness prevention:

- /// Wear a mask in public
- /// Stay 6 feet from others
- /// Wash your hands frequently
- /// Avoid touching your face with unwashed hands
- /// Disinfect frequently touched surfaces
- /// Stay home when sick

You must quarantine for 10 days and watch for symptoms for 14 days.

Are you feeling ill?

YES

NO

Get tested now.

Continue your 10-day quarantine.

Reducing quarantine

Test 3-5 days after quarantine starts - if negative release on day 8, no test release day 11

/// Step 1. Mark the day that your symptoms began.

/// Step 2. Count forward 10 days.

/// Step 1. Mark the day you were in contact with COVID-19-positive person or completed international air travel.

/// Step 2. Count forward 10 days. These are the dates of your quarantine.

Get clearance from the Embry-Riddle health services team before returning to work or classes.
